About Me

I'm Junaid Ali, a BS Computer Science graduate from COMSATS University Islamabad, eager to kickstart my career in web development. My core expertise lies in MERN stack (MongoDB, Express.js, React.js, Node.js), and I am passionate about building dynamic and scalable web applications.

Education

COMSATS University Islamabad, BS Computer Science   2020 – 2024
- CGPA: 2.74/4.0

Punjab Group Of Colleges, Intermediate in Computer Science (ICS)   2018 – 2020
- Percentage: 74% – Rawalpindi

Margalla Learners School Islamabad, Matriculation in Science   2016 – 2018
- Percentage: 80% – Islamabad

Experience

React Developer, TeraBit IT Company – Onsite   2024 – Present (5+ months)
- Currently working as a React Developer on various projects
- Developed and maintained the official website of TeraBit IT Company using modern React practices
- Built the Admin Panel for an AR-based web application, focusing on dynamic UI components and seamless user management features
- Actively involved in developing a Turkish-based e-commerce platform inspired by Sahibinden.com with customized design and core functionality
- Collaborated with cross-functional teams to deliver high-quality, scalable solutions

Frontend Developer (React), Social Swril – Remote   2024 (3 months)
- Worked as a React Frontend Developer, contributing to the development and enhancement of web-based interfaces
- Collaborated closely with design and backend teams to deliver responsive and user-friendly UI
- Enhanced user experience through modern React development practices and responsive design implementations

Projects
